PATIENT CARE EXPANSION UPDATE

Less Wait, Less Travel, More Access to Exceptional Healthcare

January 14, 2025 Update

Planning & Design Updates

- Expansion Project ground breaking is slated for summer 2025. Work in progress includes:
 - Finalizing phases for construction (this allows us to continue patient care throughout construction)
 - Value Engineering (budget balancing)
 - Construction documentation and permitting
 - Internal communications for construction phases (including a daily update in safety huddles)
 - Fundraising to complement borrowing and bond funding from the community
- Our Patient Accounts teams have moved out of Corporate Pointe and into the former Columbia Bank building, aka Patient Accounts Center (PAC). Teams located on the first floor of the Patient Accounts Center include Health Information Management, Patient Financial Services, Revenue Integrity, Referrals and Authorizations.
- Led by Carrie Coen and Karly Port, the space/people and storage committees are working to evaluate current storage utilization and create plans during and after the expansion.

Funding Updates

- Funds raised at the annual Gala fundraiser (Feb 1, 2025) will support the project. Registration is now open: www.pullmanregional.org/gala
