

PT Rehab Aide Internship

For 200 Hour Experience during the semester

Thank you for your interest in volunteering at Pullman Regional Hospital. The purpose of this program is to provide a meaningful internship (200 hours for the semester) experience for undergraduate students at WSU & University of Idaho, through Summit Therapy & Health Services, while simultaneously meeting the needs of this high-volume, multidisciplinary clinic.

Summit Therapy & Health Services (a department of Pullman Regional) will accept up to **three Rehab Aide Internship students per calendar year. One student each semester, (Fall, Spring & Summer.)** Each student will work alongside our Rehabilitation Services clinicians to gain perspective and knowledge of the professions, while obtaining important observation hours needed for the pursuit of their academic goals. Students will also work alongside our paid Aides, learning from them and becoming eligible for potential future paid positions at Summit Therapy. **The Rehab Aide Internship students are not allowed to provide direct patient care;** however, they are able to clean between sessions, observe, and offer their general assistance. The Rehab Aide Internship students may also be able to assist the Office/Front Desk staff with general tasks, which further their understanding of the entirety of the process of patient care.

Students will apply for this opportunity through the Pullman Regional Volunteer Services program and Summit Therapy. **Students who are granted internship experience will have approximately 200 hours of time to provide this program, which lasts throughout one full semester.** The conclusion of the semester is the conclusion of the agreement for each student.

Answer the questions on the following page, and send your responses to **summit.volunteers@pullmanregional.org**. This will complete your application process. **Please review page 3 for the timeline of when applications are due, and when interviews will be scheduled. Thank you for your interest in volunteering at Pullman Regional Hospital.**

PT Rehab Aide Internship

For 200 Hour Experience during the semester

Please answer the following questions

Please answer the questions in either a Word document, or an email, and send the completed questions to **summit.volunteers@pullmanregional.org**. Please be sure to share in your email if you are applying for the Fall, Spring or Summer semester opportunity. Thank you for your interest in gaining valuable experience as a PT Aide at Summit Therapy.

1. What does professionalism mean to you in a healthcare setting?
2. What are your future goals? How can a internship experience (200 hours this semester) with Summit Therapy help you achieve these goals?
3. What are you looking to get out of this internship (200 hours this semester)?
4. What excites you about a potential career in physical therapy?
5. Why are you choosing physical therapy over another career in the medical field?
6. How will you balance a physical therapy internship (200 hours this semester) with other responsibilities in your life?
7. What has been the most significant experience in driving you to pursue physical therapy?
8. Have you had any physical therapy-related jobs or experiences previously?
9. What is your current GPA?
10. Tell us about your customer service experience?
11. What strategies do you use to build rapport with people you just met?
12. How do you respond to feedback or correction from supervisors?
13. How would you respond if a patient asked you a medical question you weren't qualified to answer?
